Wisconsin Independent Businesses (WIB) in partnership with 5G Benefits LLC, a Wisconsin-based insurance agency and Lifestyle Health Plans, a nationwide health insurance carrier, is now offering an Association Health Plan (AHP) to WIB members.

AHP participation is an exclusive benefit available to WIB member businesses and contingent upon continued membership. WIB members work directly with 5G Benefits, LLC to obtain coverage.

Our AHP is a level-funded, group health plan that is **compliant with the Affordable Care Act (ACA)** but exempt from certain ACA requirements. Of note, AHP premiums are based on the health of the group.

There are **16 plans to choose from** (Copay and HSA qualified) ranging from deductibles of \$1,000 to \$10,000. All copay options have \$30 office visits, \$50 specialist, \$100 Urgent Care, \$250 ER, and Rx card of \$1/\$15/\$50/\$80/50%.

WIB member businesses need at least four employees enrolled in the plan. Employees working 30 hours a week or more (W-2 or 1099) are eligible to sign up for the plan. WIB member businesses who enroll their employees in the AHP are **required by the carrier to cover 50% of the single plan monthly premiums.**

The WIB AHP is a group health plan and premiums may be tax deductible. **Enrollment in the AHP is year-round.**

Even if you have recently renewed your individual or group health plan, you are eligible to sign up for the WIB AHP.
